DEDICATION

This year, the Town Report is dedicated to two people who have given many years of service to the Town of Jaffrey.

Albert Morin began his career of service for the Town in 1953 when he succeeded Eugene Boynton as Town Bookkeeper and Treasurer. He held both positions until 1958 when he and his wife moved to Arizona. Meanwhile, in 1956 he was elected Town Clerk of Jaffrey, along with his other duties, by an overwhelming endorsement. Upon his return from Arizona in 1961, he was elected again to his former Town Offices. In addition, he was Treasurer for the Water Department from 1961 to 1965, at which time he was succeeded by Alfred Christian. He served the Town in vital positions until 1977.

Alfred Christian has also served the Town many years in various areas, starting in 1963 when he was elected Selectman. This began a career which would encompass fourteen years of service to the Community. He served as Treasurer to the Water Department from 1965 to 1976. In 1974 when Alfred was given a surprise birthday party during a regular Selectmen's Meeting, he was asked his age. After due consideration, he replied, "Thirty-nine -- twice!" Indeed he was, for he was celebrating his 78th year!

Indeed, both of these men have served the Town many years. Albert Morin for 21 years and Alfred Christian for 14 years. Somehow, words of appreciation don't seem to be sufficient, but to these two men, a warm THANK-YOU for serving so many years to the Town of Jaffrey.

TOWN MEETING WARRANT

To: The inhabitants of the Town of Jaffrey, in the County of Cheshire, qualified to vote in Town affairs:

You are hereby notified to meet at the Ernest J. Pratt Auditorium of the Jaffrey-Rindge Middle School, located on Stratton Road in said Town of Jaffrey at seven o'clock in the afternoon on Tuesday, the 8th day of March next, (polls to be open from 9: A.M. to 6:00 P.M.) to act upon the following subjects:

1. To choose the following Town Officers:

One Selectman for three years
One Town Treasurer (to complete vacated term) for one year
One Overseer of Public Welfare for one year
One Chief Engineer of Fire Department for one year
One Water Commissioner for three years

(Recreation Committee):
One member of Recreation Committee for three years
Two members of Recreation Committee for two years
Two members of Recreation Committee for one year

2. To hear all reports except that of the Budget Committee

3. To hear the report of the Budget Committee and to raise and appropriate such sums of money as may be required for the support of the Poor, building and repairing of highways and bridges, fire and police departments, Memorial Day, street and building lighting, and all other Town charges.

4. To see if the Town will vote to authorize the Selectmen and Town Treasurer to borrow money upon the credit of the Town in anticipation of taxes.

5. To see if the Town will authorize the Selectmen, until directed to the contrary at a subsequent Town Meeting, to apply, negotiate and do all things necessary to obtain such Federal, State, or other assistance as may be available for the report for, design of, and construction of a sewage disposal system, and to authorize the Selectmen to borrow money in anticipation of said assistance as outlined in N.H. R.S.A. 33:7-6 et seq., as amended, and pass any vote relating thereto. (Two-thirds vote required)

6. To see if the Town will vote to raise and appropriate a sum of $30,000.00 for the purpose of preparing a facilities plan on sewerage and sewage treatment facilities which are requirements contained in the Federal Water Pollution Control Act as amended (33 U.S.C., sec. 1251 et seq.), and will qualify the Town for Federal funds, such sum to be raised by the issuance of Serial Bonds or Notes not to exceed $30,000.00 under and in compliance with the provisions of the Municipal Finance Act (N.H. R.S.A. 33.1 et seq. as amended), and to authorize the Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon, and to take such other actions as may be necessary to effect the issuance, negotiation, sale

and delivery of such bonds as shall be in the best interests of the Town of Jaffrey, and to allow the Selectmen to expend such monies as become available from the Federal Government under the Financial Assistance Program of the construction grants section of the Federal Water Pollution Control Act as amended (33 U.S.C. sec. 1251 et seq.) and pass any vote relating thereto. (Two-thirds vote required)

7. To see if the Town will vote to raise and appropriate a sum, not to exceed Two Hundred Seventy-Five Thousand ($275,000.00) Dollars, for the purpose of planning and constructing two (2) new gravel packed wells and making such other improvements to the water distribution system, as the Water Commissioners deem necessary to restore and increase the supply of water of high quality and at the recommended pressures for water in the Town of Jaffrey as demanded by the New Hampshire Board of Underwriters, all in accordance with the plans and recommendations of the Consulting Engineers; and to authorize the Selectmen to raise the same through the issuance of serial bonds and notes upon the credit of the Town; and to fix the terms and conditions thereof for all or any portion of said sum; in accordance with the provisions of Chapter 283 of the laws of 1925 of the State of New Hampshire, and to authorize the Board of Water Commissioners to enter in contracts therefor, and to direct the Commissioners to provide for the repayment of said bonds and notes from water revenue. (By Ballot)

8. To see if the Town will vote to authorize the Selectmen, for the purpose of completing a Soil Survey of the Town, to withdraw from the Capital Reserve Fund monies in an amount not to exceed deposits previously made to the Capital Reserve Fund for the Soil Survey, or act in any way relating thereto.

9. To see if the Town will vote to authorize the Selectmen to expend from the Revenue Sharing Account a sum of money not to exceed $40,875.00 for the purpose of purchasing the following equipment for use of the Town Departments as indicated below:

REPORT OF THE SELECTMEN

The time has arrived for the Selectmen of Jaffrey to make an accounting of their stewardship of the Town of Jaffrey for the year ending December 31, 1976.

BUDGET - Good budget building must reflect accurate accountability of true expenditures of the various departments. Therefore, this year we have instituted a procedure placing such items as fuel, lights, telephone, and other items specifically attributable to the operation of individual departments in the budgets of such departments rather than collectively in a general account. This change can easily be noted in the increase of some accounts, the reduction of others, and the complete absence in some cases where the entire account has been properly included in the departments for which it is charged. The result of this should be a better understanding and control of departmental expenditures which will result in a more efficient administration.

PUBLIC WORKS - This department has the distinction of not only being the largest of town departments, but also probably the one which has the most direct affect on all our daily community lives. 1976 began with your Board of Selectmen seeking new leadership in the position of Superintendent of Public Works. After interviewing many candidates, your Board of Selectmen chose Kenneth Saunders to fill the position. Mr. Saunders' qualifications, as a civil engineer and many years of experience in related fields, should prove invaluable to the Town of Jaffrey. He has brought many innovative ideas to the Public Works Department, including a thorough study and evaluation of the many roads and streets to project a five year schedule of maintenance and repair, and presented the most comprehensive budget preparation the Town has probably seen. His establishment and assignment of specific plowing routes has unquestionably realized greater economy and efficiency. With direction such as this, we anticipate the greatest return for tax dollars spent in meeting the needs of the community.

POLICE DEPARTMENT - This department has also found 1976 to be a very constructive year. Your Chief of Police, with the Board of Selectmen, has reorganized the department by establishing the first written policy to define procedures and related duties. This includes the establishing of shift supervisors within the department to provide leadership and direction 24 hours a day. We feel that these changes have provided a greater response to the community's needs.

RECREATION DEPARTMENT - Last year you, the people of Jaffrey, voted by special article to create a Recreation Department which included the provision to hire a Director. This department was to be made up of individuals appointed by the Board of Selectmen for the first year. These individuals had the task of hiring someone to be Director as provided in the article. Your Selectmen had the task of providing office space in the Town Office Building for this individual and department. This created a bit of a problem which we solved by the renovations, most of you are now aware of, in the basement area of the building. This 100% utilization of the remaining old garage area has resulted in the office space needed for the Recreation Director, as well as a new room for the centralized location of the tax records and Assessor's needs. The moving of the Police Chief's office into this newly renovated area has also given the police added space in their older quarters badly needed for other purposes.

ADMINISTRATION - Your Board of Selectmen have been acutely aware of the problems in the area of record keeping, bookkeeping, and tax preparation. These requirements have always posed demands and peak work loads during certain times of the year. Payroll, for example, must be met weekly regardless of other demands. In order to assure regularity of payroll and eliminate the time consuming clerical preparation of it, we have employed a Payroll Service providing computerized results. Compiling and billing tax records, property and resident taxes pose another seasonal burden. To reduce the burden and assure the timely distribution of tax bills, we have engaged the Granite State Data Processing Co. of New Hampshire to provide a complete computerized service.

At this time, we, the Board of Selectmen of Jaffrey, wish to take this opportunity to express our sincere appreciation for all the cooperation, criticism, both favorable and unfavorable, and all assistance given us in the discharge of our duties.

Respectfully submitted,

ALFRED J. CHRISTIAN
HENRY S. GALLUP
ROBERT BUSSIERE

Selectmen of Jaffrey

Closing from last year, two members of the Board, on behalf of the people of Jaffrey, wish to express their deepest appreciation to the Chairman of the Board, Alfred Christian, for his fourteen years of dedicated service to the Town of Jaffrey.

REPORT OF THE JAFFREY PLANNING BOARD

This past year was a very busy one for the Planning Board. It started with the election of F.James Butler as Chairman and Daniel Griffin as Secretary.

The Board held numerous public hearings of proposed subdivisions It approved eighteen subdivisions, four boundary adjustments and one change to a scenic road.

Two subjects which were discussed during the year were the possibilities of developing a set of building codes and the appointment of a building inspector, plus conducting an inventory of the town. It is felt that with the potential for growth in the next few years both items would be beneficial. The building code would require proper construction methods and materials and the appointment of a building inspector would provide a means of enforcing the codes. The town inventory would provide us with a physical inventory indicating areas and providing maps showing areas for further development, wildlife habitats, recreational areas, Historical sites and the like. Both subjects will receive more attention in 1977.

In December the Selectmen appointed Philip Cournoyer and Archie Coll, Jr. to complete the terms of F. James Butler and Daniel Griffin.

Respectfully Submitted:

Edward Shea
Secretary

JAFFREY CONSERVATION COMMISSION
Jaffrey, New Hampshire

December 31, 1976

To the Honorable Board of Selectmen
Town of Jaffrey, New Hampshire

Herewith is the report of the Jaffrey Conservation Commission for the year ending December 31, 1976.

The activities of the Conservation Commission have been mainly centered on the following two areas;

CAREY PARK

Over a year ago the Commission began to research ways of improving Carey Park. Among those contacted were the United States Department of Agriculture, Cheshire County Soil Conservation Service and New Hampshire Fish and Game Department. As a first step towards improving the wildlife habitat in Carey Park, the Commission recently began to implement the recommendations contained in the report of the game biologist of the New Hampshire Fish and Game Department.

This report called for clear-cutting certain areas as well as thinning or release cutting in other areas. This cutting allows new growth to spring up that can more readily be used as food and cover by game animals and birds. The Wildlife Propagation Association (W.P.A.) is planning to have its membership do some of the release cutting. Additionally, the W.P.A. is planning to release a number of rabbits in Carey Park, and to place some duck boxes in the marsh area.

The Commission has replaced the culvert leading into Carey Park. Also the Commission had planned to place gravel in the ruts in Carey Road, with the help of the Highway Department, as well as to place snow-mobile signs restricting their passage solely to Carey Road. The latter project is to be done with the cooperation of the Monadnock Sno-Moles. Because of the age and maturity of the forest in Carey Park, the Commission had planned to contact the County Forester or other similarly qualified individual to cruise the woods and see if it would be economically feasible to have a selective cutting made.

The "Look to the Mountain" project being carried out by several teachers in the school district is continuing for the second year. The abandoned cellar hole and well at the top of the hill have been cleared, and a new cabin is being constructed on the old foundation.

RED DAM

In the hopes that Federal funds or engineering aid might be available to us for the repair or reconstruction of Red Dam, the U.S. Army, Corps of Engineers was invited to inspect the dam. Unfortunately, their report did not hold out any hope foraid of any sort. Contact has recently been made with Mr. Wallace R. Creelman, a principal in Turner Construction Co., of Boston Massachusetts. Mr. Creelman is a summer resident at Contoocook Lake and has offered the Commission some engineering aid which we hope will prove to be valuable.

Report of Jaffrey Conservation Commission (Cont'd)

For two years now the commission members have cut down the brush growth on the earthen portion of the dam and on some of the land nearby. One of the gate lifting mechanisms has been removed and put back into working condition. Vandalism at the dam has precluded our re-installing the mechanism.

The Conservation Commission feels that we are at the beginning of several projects which will be of future value to the town. Carey Park and Red Dam have both been neglected for many years. It is the Commission's hope that their efforts, as sanctioned by the Selectmen, will restore Carey Park and Red Dam as two areas which can be used and appreciated by the whole town.

REPORT OF THE BOARD OF ADJUSTMENT

With the passage at Town Meeting in 1960 of certain restrictions concerning the erection of buildings in proximity to public roads,it became necessary to establish a Board of Adjustment ot hold public hearings of applications for appeal for relief from the law. At infrequent intervals since then, Jaffrey voted into law other restrictive ordinances which somewhat added to the responsibilities of this Board.

Since its inception from 1960 through 1974, this Board held hearings on twenty-four appeals. This total included some years of no hearings to a maximum of four hearings in one of the intervening years.

At Town Meeting in 1975, our town, in order to ensure orderly growth, voted into law the Jaffrey Land Use Plan which had been drawn up by the Jaffrey Planning Board. In 1975 there were four appeals made to the Adjustment Board and in 1976 there was a dramatic increase to a total of twenty-two appeals.

In order to carry out its work in an orderly manner, the Adjustment Board has instituded a formal form obtainable from the Town Clerk for Application for Appeal. This form is designed to assist the applicant and to inform the Adjustment Board of the circumstances and desires of the applicant. Since New Hampshire law directs this Board to notify abutters and to publish notice of its hearings in a newspaper prior to hearing date, we must require each applicant to bear the costs entailed by paying a filing fee of $25.00 payable to the Town of Jaffrey at the time of application. The Town Clerk will also give the applicant a note which indicates that the Board of Adjustment meets on the first Tuesday of each month and that the Application for Appeal must be in the hands of this Board by two Fridays before the hearing in order that the legal notifications can be made.

The purpose of the Board of Adjustment is to serve the people of our Town in the carrying out of its ordinance. We wish to thank the Selectmen, other Town officials and the people of Jaffrey for their cooperation and assistance in helping us in our duties.

Respectfully submitted;

THE BOARD OF ADJUSTMENT

Sixty per cent of the welfare budget for 1976 was returned to the State of New Hampshire for Jaffrey expenses. Foster Chidren, old-age pension residents and nursing home care comprised another 20% of the town welfare expenses, leavinga relatively small dollar figure used by over 4000 Jaffrey residents. This was partly attributed to Jaffrey's low unemployment rate which was the secondest lowest in the State. In years to come, it is hoped that expenses may be kept within reason as has been done in the past.

Report of the Trustees of the JAFFREY PUBLIC LIBRARY
For the year ending December 31, 1976

During 1976, using the income from the WETHERELL TRUST FUND, work in the basement , and the first part of the renovation program was finished at the end of the year. The basement has been carpeted and painted, shelving has been installed, and the display/ exhibition area finished with cupboards and lighting. The task of moving a great many books, magazines and other material has begun, and when this is finished, the area will be available for use. During the year, a 3M copier was bought, and a film projector has been ordered, both purchases being part of the renovation program, using the WETHERELL TRUST FUND income. The library's unique collection of the Amos Fortune papers was cleaned and preserved, so that these will now be able to be on permanent display without causing damage. A plaque in remembrance of LAWRENCE H. and JOSEPHINE B. WETHERELL was unveiled in the reference room, which will now be known as THE WETHERELL ROOM, in gratitude for the gift of money which forms the Wetherell Trust Fund, and for the help and interest they have always shown in the Library.

Children's programs were continued throughout the year. 86 children took part in the Bicentennial Summer Program, and completely filled the map with their flags. We are indebted to Eleanor and Claudia McQueen for their help in making the program such a success, Storyhours have also been held, and we are especially grateful to Mrs. William Schofield for continuing her delightful programs, to the Womens Club readers, and to Mrs. Maurice Poulin and Mrs. David Peterson for their help during the year. In the Fall, with the kind cooperation of the Civic Center Staff, we were able to arrange monthly film programs for pre-school and young children; these films were shown to over 200 children each month. As these programs have proved so popular, we hope soon to hold them in the Library basement, where we can coordinate more effectively the use of both films and books. This will also afford scope for smaller groups to take groups to take part in related activities, and encourage childrem to make full use of the library and its amenities.

We were sorry that Mrs. Hampson, who joines us last year has had to curtail her hours on account of health, but we were glad to welcome Mrs. Hamilton in her place. Mrs. Hamilton's special library qualification and her knowledge of Jaffrey, are a great asset to the Library.

The Trustees are very grateful for the voluntary work done by members of the Jaffrey Womens' Club throughout the year, and also to the many people who have given donations, books or records to the Library.

The renovation program will be continued this year, with work done on the second floor to relocate the Children's Room, and to divide the hall into an Office/Trustees' Room, and the remainder into a study/display/book area for juniors and teenagers. When the whole program is finished, the Trustees hope that some of fhe income from the Wetherell Trust Fund can be used to ease the general running of the Library.

Jaffrey Public Library Report (Continued)

The Trustees hope that the public will feel free to come in and see what has been accomplished, and what is being done with the income from the WETHERELL TRUST FUND.

RECREATION DEPARTMENT ANNUAL REPORT

We live in a society where people do not openly admit the importance of recreation; however, without recreation, what would our lives be like? Many people do not look forward to going to school or work each day, but they do look forward to their dance lessons, golf game, watching their son or daughter play ball, sports activities for themselves, slimnastics, painting, or participating in any other constructive activity during leisure time which brings personal satisfaction. Recreation is one of the most important aspects of our lives.

The following breakdown lists Jaffrey Recreation Department services during the first seven months of operation:

YOUTH PROGRAMS

Summer Playground

87 Jaffrey youngsters took an active part in the 1976 playground program. Besides building a float for the Bicentennial parade, they were active in sports, games, and arts and crafts. There were two Hampton Beach trips taken during the summer. Also, exciting trips were taken to the White Mountains and Whalom Park. One day each week, some of the children were given a guided tour up Mt. Monadnock. At the end of the season, a weekend camping excursion was enjoyed at Greenfield State Park.

Contoocook Beach

Weather permitting, two lifeguards were on duty every day during the summer. Swimming lessons were given to over 100 children. Jaffrey is very fortunate to have such a natural facility for swimming as Contoocook Lake.

Canoeing, Sailing, Kayaking

Co-sponsored with Franklin Pierce College, young teenagers learned some of the skills involved in canoeing, sailing, and kayaking.

Gymnastics

In two successive classes taught by our own expert gymnast, Louise Nelson, 88 young boys and girls learned tumbling, and the basic techniques on the balance beam, side horse vaulting, and the uneven parallel bars. This was a very successful class.

Pee Wee Baseball

Over 50 children between the ages of 7-12 did not play little League because facilities were not available. With the generous help of volunteers, and the use of a high school facility, a baseball instructional program was organized for these boys and girls. The Recreation Department purchased baseball caps and equipment for the participants.

Babe Ruth Baseball

The VFW helped co-sponsor this second baseball team for Jaffrey for boys between the ages of 13-15. They played a game against Peterborough each week. This was a very rewarding experience for the boys who did not play on the VFW Babe Ruth team.

Girl's Softball and Field Hockey

For the girls in the 4th, 5th, and 6th grades, this instructional class of softball and field hockey was very worthwile; for it gave the girls exposure to skills and game play in each sport.

Hockey Team

With the help of many Jaffrey businesses, a school age Hockey team was entered into the newly formed Monadnock Recreation Hockey Leaguq. This program gives boys who do not play basketball a chance to play a winter sport which they do enjoy. Volunteer coaches have helped make this exciting venture a success.

State Youth Soccer Tournament

Two boys and girls 5th and 6th grade soccer teams were entered into the State Youth Soccer Tournament held in Peterborough last fall.

Santa's Workshop

Approximately 200 children were treated to Mr. and Mrs. Santa Claus at the Cutler Memorial building the week before Christmas. Santa's elves were also on hand to give out candy canes and show the children how to play some of the games they built. A photograph was given each child as they sat on Santa's lap asking Christmas wishes.

ADULT PROGRAMS

Adult Co-ed Volleyball

This has been a continuing program which began last summer. The volleyball people meet once a week, and as many as 25 men and woman have participated.

Slimnastics

A continuing slimnastics program has involved at leat 30 ladies who enjoy exercising, jogging, jumping rope, and team sports.

Men's Open Gym

On Monday nights at the Grade School gym, all men were welcome to play pick-up games of basketball. On Wednesday evenings, all men who were over 30 played basketball at the Grade School gym.

Adult Basketball League

The Recreation Department organized and helped sponsor a 6 team basketball league for Jaffrey and Rindge residents only. All games were played on Sunday afternoons.

ALL AGES

Dance Lessons

Youngsters of all ages are learning how to tap dance, do acrobatic moves to music, ballet, and modern jazz dancing. Adult women are enjoying a belly danceing class. All these classes were held at the American Legion Hall, and taught by Delia Gynan from Salem, N.H.

Tennis Lessons

Tennis lessons were taught to 28 people of all ages on the new Jaffrey-Rindge School District tennis courts. The residents in this are are very fortunate to have such fine facility available to them.

Red Sox Baseball

100 people in two busses traveled to Fenway Park in Sept. to watch the Red Sox defeat the Cleveland Indians.

Ice Skating Rink

Thanks to the Jaffrey-Rindge Lions, a new warming hut was erected at Humiston Field last fall. During the Christmas vacation, hundreds of people skated each day at the Ice Rink. The Lions should be commended for this valuable community service.

SERVICE TO COMMUNITY GROUPS

Senior Citizens

The Recreation Department sponsored a Deep Sea fishing trip last summer for the senior citizens. This trip was a success even though the fishing was not the best. The Department has also purchased table games which the senior citizens use during their Wednesday meetings.

Babe Ruth

The Recreation Department was instrumental in organizing the new Monadnock Babe Ruth League in the area. Next summer, the Jaffrey Babe Ruth program will expand to 2 teams. Both will be entered in this new league.

Little League Tournament

With the assistance of the Little League coaches and other volunteers, the Recreation Department sponsored it's first annual Little League Tournament last summer. This is an event which we hope to continue each year.

American Legion

The Recreation Department worked very closely with the American Legion in constructing a Little League Field. With help of volunteers and local contractors, thousands of dollars have been saved on this project.

Providing a well rounded recreation program is the responsibility of the entire community. Maximum support is necessary for the fulfillment of the programs. The Recreation Committee and Director would like to thank everyone who helped us during our first year as a Recreation Department.

LION'S PROJECT - HUMISTON PARK

With the close of 1976, completion of improvements to Humiston Park by the Town of Jaffrey and Jaffrey Lions Club is near. Work resumed on the project March 30 and has been continuing since that time.

By October 30 final grade stakes were placed and a bulldozer brought the surface up to final grade. At the end of the week of November 13, footings had been placed and poured and all water and sewer pipes were installed for the warming hut.

Bid had been requested for the construction of the warming hut and Seppala & Aho were awarded the contract. By December 4 the shell and ceiling of the building were up. The hut was completed by the end of the year.

With railroad ties donated by Environmental Systems, Inc., the rink area was set up and flooded in time for the winter school vacation.

Manhours worked 1976	940	Hours	$ 3,200.00

	Total	$10,321.00

Material Expense		$ 1,632.00
Subcontracted		8,689.00
	Total	$10,321.00

If all labor and materials had been charged to the project, the cost factor would have been approximately $17,000.00. To date, the

total cost to the Town has been		$ 9,000.00
Lions have put in approximately		6,800.00
Community League has donated approximately		1,000.00
	Total	$16,800.00

Estimated cost 1975		$27,000.00
Estimated cost 1976		17,000.00
	Total	$44,000.00

Savings to date approximately $27,200.00

My personal thanks go to all those who have made this project a success. Without cooperation and willing support from them, the work could not have been accomplished.

Respectfully submitted,

Philip A. Tremblay

REPORT OF CIVIL DEFENSE DIRECTOR

Jaffrey's Civil Defense program continues in a"holding" pattern, the Director would like to retire but no one wants the position.

The Director's activities for the year 1976 were as follows;

1. State program papers were completed, this task must be done each year so that the town will be eligable for surplus property from the State of New Hampshire.

2. Three trips made to Concord headquarters, two to do paperwork, one with Jaffrey Department of Public Works in quest of surplus property.

3. Several brief meetings with the Selectmen, one with the Fire Chief and one with the Police Chief.

4. A long telephone conversation with Selectman Henry S. Gallup during the hurricane scare last August. The Director was at a meeting in Oneonta, N.Y. and could not be on the scene which complicated planning.

5. A meeting with Richard Sawyer of the Middle School to brief him on the use of Civil Defense Preparedness film strips and manuels to be used in a class for the 5th and 6th graders on survival and natural disasters.

Respectfully Submitted;

MONADNOCK REGION ASSOCIATION REPORT

The Monadnock Region Association was founded in 1934 when representatives from twenty-four towns in Southwestern New Hampshire first met and formed the organization.

The objectives of the Association today are much the same as they were in 1934.

We believe in tourism and recreation for the residents of the region and for the many visitors who enjoy coming here. The tourist industry in New Hampshire is a $450 million dollar business and over 32,000 New Hampshire people are employed in tourist related jobs. The Monadnock Region Association is the only association or group expressly charged by the State of New Hampshire with the responsibilities of recreation and tourism in the Monadnock Region.

In 1976 the Association distributed over 120 thousand folders and brochures about the Monadnock Region to potential tourists and travelers to our area. Tourists paid the State of New Hampshire 14 million dollars Rooms and Meals tax in 1976. Over 5½ million dollars of this was redistributed by the State to all New Hampshire towns and cities. Every town and city in the Monadnock Region received a share of this tourist tax revenue according to population.

The Town of Jaffrey received $26,672 of these funds in 1976.

The Monadnock Region Association also strives to improve the industrial climate in the area. We know that there cannot be jobs for our young people if there are not shops, plants, and warehouses where they can work. In the Region there are many good companies that provide clean, well-paying jobs and they don't make smoke or pollute the streams. We seek to help other firms like these to locate in the Monadnock Region.

Also, we want to maintain and preserve our natural resources, our mountains, our forests, our fields and our wild birds and animals so that they can be enjoyed by those who live here and by the visitors who come to the area now and in the future.

Our interests in recreation and tourism, in industry, and in conservation, haven't changed greatly in 43 years.

MR. CHARLES BACON is the Monadnock Region Association Director in Jaffrey.
